How the search frontier progresses through a gate

Fan from actual crossing • bucket reference remains S/G • solid rays: bucket origin; dashed green: crossing origin

0 gates crossed 1 gate crossed Gate intervals reached

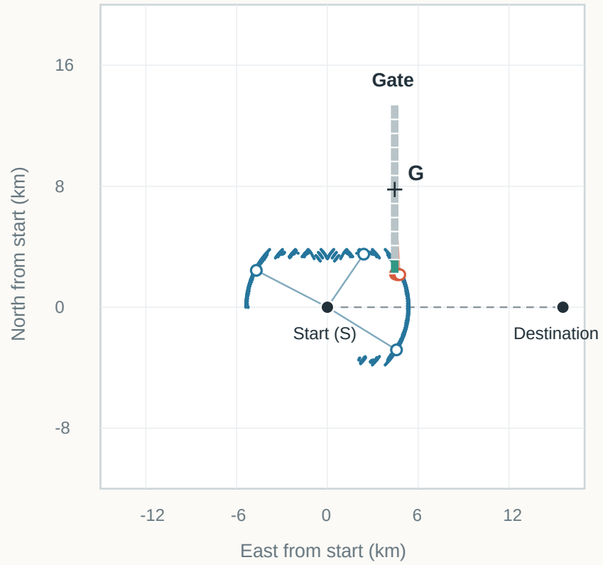

01 T+14 min · Approaching the raised gate

Before: 798 After: 0 Coverage: 0/12

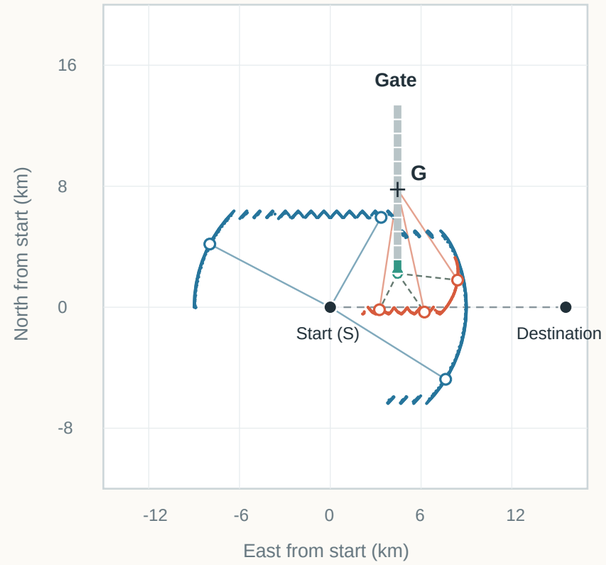

02 T+18 min · First crossings

Before: 942 After: 18 Coverage: 1/12

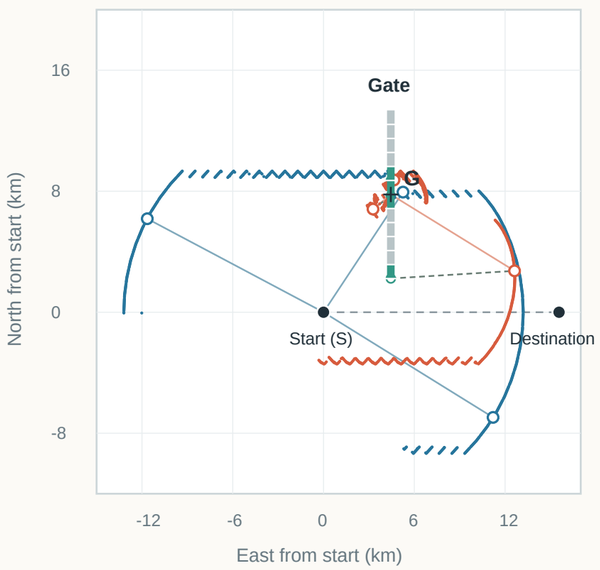

03 T+30 min · Alternative approaches

Before: 943 After: 230 Coverage: 1/12

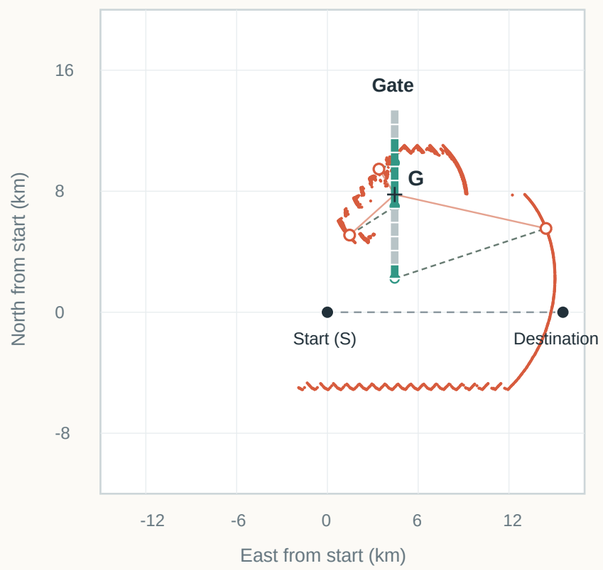

04 T+44 min · Coverage increases

Before: 959 After: 1,148 Coverage: 4/12

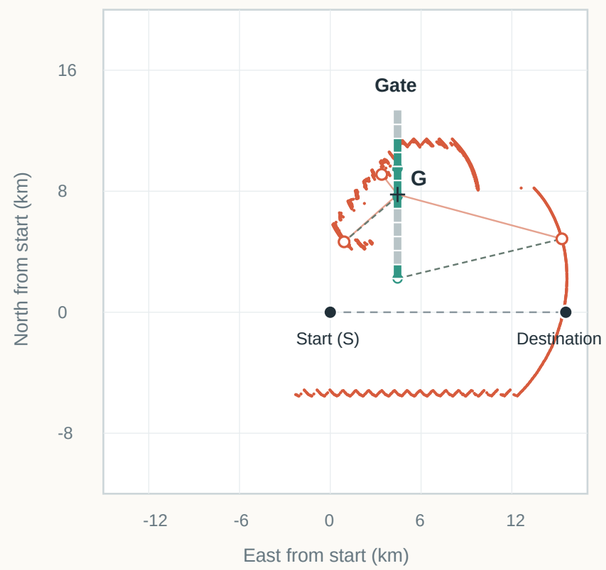

05 T+52 min · Pre-gate stage retires

Before: 0 After: 1,359 Coverage: 6/12

06 T+54 min · Continuing to destination

Before: 0 After: 1,352 Coverage: 6/12

Actual controlled Bitsailor run • no land • same scale in all panels • gate shifted north of the direct route • rays are not sailed paths
